

# Free programs @ the library this summer!

## **NEW! Snapology 4-Week LEGO Program**

The library has partnered with Snapology of Wetumpka to provide LEGO/STEM classes this summer! Snapology's A Universe of Stories Space Science program helps children explore the fundamental aspects of astronomy while creatively designing their own physical contributions to this field of study. The program works to cultivate a deep love for science and exploration by making science fun, exciting, and approachable. For children in 2nd grade to 8th grade. **REGISTRATION IS REQUIRED and SPACE IS LIMITED.** The library will provide up to two classes, but class max is 20 participants. Classes will be held Thursdays, starting July 11 at 10 a.m.

**TROLLS PARTY SUMMER READING KICKOFF**  
SATURDAY, JUNE 8 @ 11 A.M.

**DR. OSBORN'S UNIVERSE OF STORIES MAGIC SHOW**
